***Dr. Ken Pitetti, a WSU Physical Therapy Professor, is at the YESS program Monday-Wednesday from 8-10am. He will be choosing a few volunteers to help with his research study. The study involves testing the students enrolled in YESS camp & their physical abilities with several different measuring techniques (throwing a ball, walking toe to heel, etc.). This is an excellent opportunity for volunteers to learn more about college, preparing for their future and helping them to start thinking about a career path. Please sign below if you are interested in helping Dr.Pitetti.
